

Architects & Engineers

Argo's comprehensive insurance solutions for architects & engineers servicing "green" developers and owners.

A Commitment to Sustainability

Building green has many benefits. Unfortunately, it can leave many design professionals with unintended gaps in their professional liability coverage. As part of our continuing commitment to sustainability, we've designed the first ever A&E Professional Liability insurance program that protects both "traditional" and "green" design services.

Who Qualifies?

Architects, engineers, interior designers, land surveyors, landscape architects, scientists and technical consultants with at least 5% of their gross receipts derived from services for "sustainable" projects.

Coverage Highlights

- Exclusive Green Design Endorsement for your services as a qualified professional.
- Retroactive coverage available for past acts
- Coverage for Computer Aided Drafting including BIM
- Mold and pollution coverage
- Punitive damages where insurable by law
- Higher limits available
- Duty to Defend
- Worldwide coverage available
- Financially strong "A" Rated carrier

Risk Management Services

- Contract review available
- Best practices guidelines
- Toll free hotline for pre-claim assistance

Premium Discounts For USGBC Members

Argo's "Green" Initiative

Argo is one of the few insurance brokerages with the expertise and experience to structure a comprehensive insurance program that protects green certification—from pre-construction consultation to building completion. As members of the US Green Building Council (USGBC), we can facilitate the "greening" of your development or property portfolio. www.argogreen.com

Core Offerings:

- *Property & Liability Insurance*
- *Workers' Compensation*
- *Management Liability Protection*
- *Environmental Insurance*
- *Professional Liability with Green Endorsement*
- *Coverage for professional services as a LEED AP*
- *Project Specific Coverage*
- *Design Build Endorsement*
